SOLUTIONS FOR INDEPENDENTS

Welcome to The Vet Graduate Academy

We're delighted to have you on board, and we look forward to working with you as you embark on your new career.

During the programme, your time with **Vet Dynamics** will consist of group workshops and one-to-one coaching calls, complemented by an online learning platform, mentoring from your Practice Mentor and all supported by our dedicated Veterinary Graduate Academy coaches.

Your time with **Central CPD** will consist of a rich mix of various learning formats, including a bespoke online learning programme, regular specialist-led case discussion evenings, and hands-on training via practical attendance days.

If you have any questions about any part of your Vet Graduate Academy Programme, please contact our friendly teams:

Vet Dynamics

Vet Dynamics sessions

Group workshops will be held at:

**Ashorne Hill
Leamington Spa
Warwickshire
CV33 9QW**

Online learning

Each workshop is accompanied by our online learning platform. Homework assignments, workbooks, documents, and links to reference material will be available 24/7 to allow you to work at your pace.

You will have access to this platform for the duration of your Veterinary Graduate Academy subscription and details will be sent to you during your first module.

Central CPD sessions

Practical sessions will be held at our two London venues:

The Clinical Skills Lab
204a Manor Place
London, SE17 3BN

The Imaging and Theory Lab
14 Bowden Street
SE11 4DS

Facilitated by experienced specialists in small group sizes, these one-day sessions will equip you with hands-on experience in practical skills. Visit our website for detailed directions:

centralcpd.co.uk/venue

Veterinary case discussions

Using clinical case studies, these evening sessions with veterinary specialists will provide you with systematic protocols for some of the most common presentations. Zoom links will be sent to you via email ahead of each session.

Online learning

You'll have access to a structured EPA-based 50 hour online training programme delivered via Central CPD On-Demand. Modules can be accessed at any time as needed over the programme, complemented by access to over 2,000 clinical CPD videos with On-Demand's vast reference library.
